

## Commissioner's covering note

The role of Police and Crime Commissioner was created to help make the police more accountable to the people they serve, and the holding of our local police to account on behalf of the people of Devon, Cornwall and the Isles of Scilly is my core responsibility.

I do this in a number of ways, one of them via my Commissioner's Accountability Board that I introduced earlier this year. Through this Board, I select a number of areas of policing activity and related performance, and as Chair, scrutinise them in detail, requiring the Chief Constable and his team to explain both current performance, and any plans they have in place to make improvements where required.

Following this, I then make a judgment on how assured I am, again both in terms of current police performance and the quality of any improvement plans. I then publish a statement describing my levels of assurance for the public to see, along with the agenda and attendance at each Board, to ensure as wide a visibility as is possible.

I remain committed to ensuring that Devon and Cornwall Police delivers a service to our communities as effectively and efficiently as is possible, and my office and I will continue to not only scrutinise and challenge robustly, but also to celebrate and champion whenever appropriate, on behalf of the people of Devon, Cornwall and the Isles of Scilly.

My statement of assurance from my Board meeting of 14<sup>th</sup> January 2026, and the meetings agenda, can be found below.
